

Small Works Show and Holiday Fundraiser 2023

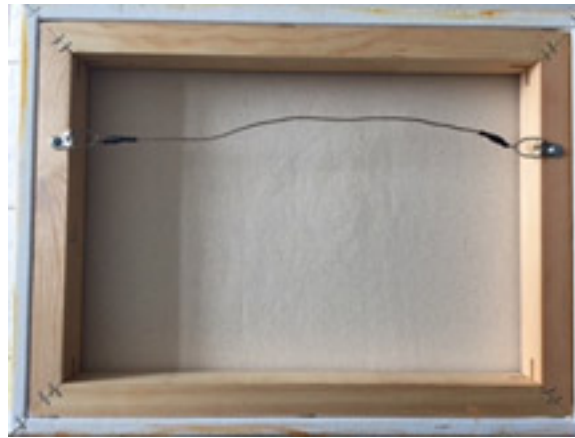

- All Accepted works are not required to be framed. They should not be wet, sticky or unfinished. Canvas wraps, metal or glass prints are not required to be framed, but they will require a wire be attached to the piece.
- Photos must have picture-hanging wire firmly attached across the back. Wires must be taut and placed between 1/3 and 1/4 the height of the frame from the top of the frame. Sharp wire ends must be taped. Canvas, metal and glass prints need wires or acceptable hanging systems (see photos below).

Saw tooth, styrofoam or alligator hanging systems are not acceptable.

FRAMES AND CANVAS WRAPS

Example of “how to” attach wires on a frame.

NOTE: if you do not have a wire your piece might be adjusted by the staff of TCA in order to hang it.

This framing system
Is PERFECT

METAL FRAMES

This framing system would **NOT**
WORK.
No room for our hooks to insert.

This system would
need to be wired

3D sculpture or assemblage

- **Pieces should not be wet, sticky or unfinished. They should be able to stand on their own, and not be so delicate that they cannot be handled or placed on our pedestals, or on the shelf that runs the length of the walls on both sides of the Chamber's Office.**
